

## Safety Data Sheet

Mono Control  
Human Plasma

### Section 1 . Chemical Product and Company Information

---

SDS Name:	Mono Control Human Plasma
Synonyms:	None
Company Identification:	Plasma Services Group 1840 County Line Rd., Unit 100 Huntingdon Valley, PA 19006
For information call:	215-355-1288
Fax line:	215-355-1212
For emergencies call:	215-815-0897

### Section 2 . Composition/Information on Ingredients

---

Hazard Symbols:	None listed
Risk Phrases:	None listed

### Section 3 . Hazards Identification

---

**EMERGENCY OVERVIEW:** Caution! This material was tested for STS, HBsAg, HIV 1 Ag (or HIV PCR (NAT)), HIV 1/2 antibody, HCV antibody, and HCV PCR (NAT) as required at the time of bleeding using FDA licensed test kits. Given that no known test offers complete assurance that infectious agents are absent, all materials of human source should be handled as if capable of transmitting infection.

#### Potential Health Effects

Target Organs: None

Eye: No information regarding eye irritation was found.

Skin: No information regarding skin irritation was found.

Ingestion: The toxicological properties of this substance have not been fully investigated.

Inhalation: The toxicological properties of this substance have not been fully investigated.

Chronic: No information found.

### Section 4 . First Aid Measures

---

Skin contact: Wash off immediately with plenty of water

Eye contact: Rinse thoroughly with plenty of water, also under the eyelids.

Ingestion: Never give anything by mouth to an unconscious person

Inhalation: Move to fresh air

Notes to physician: Treat symptomatically.

### Section 5 . Fire Fighting Measures

---

This material is of human origin and not considered to be flammable. As in any fire, if it occurs wear self-contained breathing apparatus and use a foam, dry chemical or carbon dioxide extinguishing media.

## Section 6 . Accidental Release Measures

---

Wear proper personal protective equipment as indicated in Section 8.

For spills/leaks: In case of a spill, sweep up solid or absorb liquid with inert material, then place into a biohazard container. Always wear protective equipment.

## Section 7 . Handling and Storage

---

Handling: Wash thoroughly after handling. Use with adequate ventilation. Avoid contact with eyes, skin and clothing. Avoid ingestion and inhalation.

Storage: Store in properly labeled containers. Keep either refrigerated (for small amounts of time) or frozen (for extended periods of time).

## Section 8 . Exposure Controls / PPE

---

Exposure limits

Engineering measures: Ensure adequate ventilation, especially in confined areas

Personal protective equipment

Respiratory protection: In case of insufficient ventilation wear suitable respiratory equipment which follows the OSHA regulations found in 29 CFR 1910.134 or European Standard EN 149.

Hand protection: Wear protective gloves to prevent skin exposure.

Eye protection: Wear appropriate safety glasses with side-shields as described by OSHA eye and face protection regulations in 29 CFR 1910.133 or European Standard EN166.

Skin and body protection: Wear lightweight protective clothing.

## Section 9 . Physical and Chemical Properties

---

Physical State: Liquid

Color: Not available

Odor: Not available

pH: Not available

Vapor Pressure: Not available

Vapor Density: Not available

Evaporation Rate: Not available

Viscosity: Not available

Boiling Point: Not available

Freezing/Melting Point: Not available

Decomposition Temperature: Not available

Solubility in water: Not available

Specific Gravity/Density:

Molecular Formula:

Molecular Weight:

#### Section 10 . Stability and Reactivity

---

Chemical Stability: Stable.  
Conditions to Avoid: None reported.  
Incompatibilities with Other Materials: Not available  
Hazardous Decomposition Products: None.  
Hazardous Polymerization: Has not been reported.

#### Section 11 . Toxicological Information

---

Carcinogenicity: Not available

#### Section 12 . Ecological Information

---

No data available

#### Section 13 . Disposal Considerations

---

Dispose of in a manner consistent with federal, state, and local regulations.

#### Section 14 . Transport Information

---

US DOT  
Shipping Name: None  
Hazard Class: Category B (Biological). This substance is considered to be non-hazardous for transport.  
UN Number: 3373

#### Section 15 . Regulatory Information

---

European/International Regulations  
European Labeling in Accordance with EC Directives  
Hazard Symbols:Category B (Biohazard)

Canada  
Canadian WHMIS Classifications: Not available  
This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations and the SDS contains all of the information required by those regulations.

US Federal  
TSCA  
Hazard Symbols:Category B (Biohazard)

## Section 16 . Other Information

---

SDS Creation Date: 11/2/2010

Revision # 4 Date: 1/14/2013

The information above is believed to be accurate and represents the best information currently available to us. However, we make no warranty, express or implied, with respect to such information, and we assume no liability resulting from its use. Users should make their own investigations to determine the suitability of the information for their particular purposes. In no event shall the company be liable for any claims, losses, or damages of any third party or for lost profits or any special, indirect, incidental, consequential, or exemplary damages howsoever arising, even if the company has been advised of the possibility of such damages.
